

Hyaluronan is produced naturally by the body and important for joint lubrication and tissue hydration throughout the body. Daily use of a hyaluronan-containing supplement can restore the body's natural balance and help to:

- Support synovial fluid
- Promote tissue hydration
- Alleviate joint discomfort

BAXYL®

What makes Baxyl® better?

Baxyl with MHB3® Hyaluronan is the most researched and proven joint supplement on the market. Baxyl is a completely hydrated, oral, liquid formulation allowing for quick absorption and maximum efficacy. Baxyl contains MHB3 Hyaluronan in a high-molecular weight profile and is now covered by multiple U.S. patents.

Is it safe?

Baxyl is completely safe. There are no known drug interactions, contraindications, or side effects associated with Baxyl supplementation. Baxyl's formulation provides clinically-proven joint support with full ingredient traceability.

Is Baxyl appropriate for those with modified dietary needs?

Baxyl is gluten-free, non-GMO, soy-free, yeast-free, sugar-free, and vegan. It is odorless, tasteless, and has no artificial colors or flavors.

Baxyl is the obvious first choice for joint relief.

Baxyl with MHB3 Hyaluronan is an effective and convenient way to:

- Promote healthy joint mobility and lubrication*
- Enhance the maintenance of cartilage and joint tissues*
- Support healthy bone formation*
- Support vertebrae and spine health*
